PIEMONTE

Piedmont is located right in the northwest corner of Italy, with Switzerland to the north, France just west and the beautiful Mediterranean coast line and fishing villages of Liguria only an hour and a half south. In the alpine zone it is very cold. The climate however in the lowland is continental: cold winters and often dry, warm summers. There are often formations of fogs as after all it is characteristic in Lowland Padana. On the shores of the lakes the climate is mild.;The Piedmont Wine Region, particularly in the Langhe sub region, is the land of castles, vineyards and romantic hills shrouded in mist. The Alps hover over this lovely wine region, and the region's names in fact makes reference to this (Piemonte means "at the foot of the mountain").
