*Levoni*

# GRAN CORONA

Ref: LV-209

Weight: 9/10 kg

Shape: noce

Notes: It does not contain gluten, lactose, milk, proteins, added polyphosphates and monosodium glutamate. Packed in aluminium

Sweetened with honey. This specialty greatly enhances the fragrance of the raw materials used and its light flavouring makes it a product satisfying all palates.

**Linea Prosciutti Cotti Alta Qualita**

The Corona Alta Qualita cooked hams are made from heavy pigs bred in Italy, which are normally used for PDO products, namely Prosciutto di Parma and Prosciutto di San Daniele. The selected pork legs undergo a suitable ripening process, which enhances the meat's flavor, making it more tender and aromatic.

Seasoning follows the Levoni exclusive recipe. The meat, skillfully massage to facilitate the absorption of flavourings, is put into moulds of different shapes then slowly steamed. Corona Alta Qualita Hams are delicate and balanced thanks to their light flavouring that respects the natural meat taste. These cooked hams weight between 7 and 10.5 kg and, because of their features, belong to the "Alta Qualita" category in compliance with Ministerial Decree 21/09/05.
