Antica Tostatura Triestina

WHOLE BEANS NESSUN DORMA

Ref: C-CFB400

Weight: 1000 g/ bag

Package: Valve bag

Case Unit: 6 x 1kg

Description: A blend of the greatest refinement and personality, with sweet taste, broad and velvety, never bitter, with intense and rounded aromas for those searching for delicacy and softer characteristics in coffee.

Created from the perfect combination of eight of the most prized coffees, the cupping characteristics resemble a symphony of aromas including fresh citrus, jasmine blossom, fine vanilla and melted chocolate with a touch of sugar sweetness.

Machine Compatibility: Whole bean coffee is used by those who prefer to grind their own beans to order. It's popular with both coffee shops and restaurant owners committed to freshness, and also by consumers at home who prefer to prepare their own espresso, cappuccinos or lattes.

Wholebean Antica Espresso is compatible with all traditional domestic or professional espresso machines (where a grinder is also available), as well as with all super-automatic espresso machines that have built-in bean hoppers and grinders.
