WHOLE BEANS "NESSUN DORMA" DECAFFEINATED

Ref: C-CFBD400

Weight: 1000 g/ bag

Package: Valve bag

Case Unit: 6 x 1kg

Description: Based on our Nessun Dorma blend; it's little sister if you like, and the only decaffeinated blend that we produce. Sweet and refined for great results in the cup, the blend retains a rich fragrance, aroma and follow-through due to chocolate and vanilla flavor notes.

We have achieved a notable success in not compromising the full flavors and rounded tastes normally lost in the decaffeination process.

Machine Compatibility:All traditional domestic or professional espresso machines (where grinder is also available).

All super-automatic espresso machines that have built-in bean hoppers and grinders.
