Fruits

CITRON

Ref: CIT-01

Italian name: Cedro

Weight order: 3-4 kg

Description: citron tastes unbelivably floral and has a dense, chewy texture that translates into an overall exquisite eating experience. The interior of citron is not at all the prize–the flesh is dry and a bit leathery. It's the outer rind that is interesting. Fresh citron has a hard, thick outer rind and the fruit looks like this when cut open.
