Fruits

SICILIAN ORANGE

Ref: ORG-02

Italian name: Arance Sicilian spremuta

Weight order: ORG-02

Description: Biological oranges Lane Late from Sicily grown with the organic farming method. The organic allows to obtain very sweet and fragrant citrus completely natural. Organic citrus like these allows recipes (with oranges), very tasty and nutritious. The colors of organic citrus are more 'alive and the properties' are beneficial to the body. The casing of the clove is thin, the production will last till May. Characteristics of biological Lane Late are: blonde pulp, Juicy and without seeds, a pleasant taste with low acidity.

Season: from January to April

Serving suggestion: They are exceptional for the table, but nobody prevents us from doing a good juice!
