VENTI4 - DINNER PLATE

Description

The Venti4 - Dinner Plate has a smooth form, originally thought up to form a perfect cup under the Venti4 Soup Plate. Its design, a perfect example of minimalism and stylistic purity, allows it to be perfectly adaptable to any type of environment, whether indoors or outdoors. Made of a special material, melamine, it is incredibly shock-resistant and durable. Two practical, mock, fingerprints make the plate easy to carry around and provide a resting place for cutlery during a meal.
