LOMBARDIA

Lombardia (Lombardy) is a region situated in the north central of Italy. In the lowland the winters are frigid and the summers sultry. During autumn and winter there are dense and persistent fogs. In the hills the fogs are less frequent as well as the warm summers. In the mountain instead the climate is very rigid and milder on the lakes of prealps. The region is known particularly for its sparkling wines made in the Franciacorta and Oltrepò Pavese areas. Lombardy also produces still red, white and rosé wines made from a variety of local and international grapes including Nebbiolo wines in the Valtellina region, Trebbiano di Lugana white wines produced with the Charetto style rosé along the shores of Lake Garda.;
