Ref: CHEG-02/36

Aged: 36 Months

Weight: 500 Gr

GIANSANTI PARMIGIANO REGGIANO DOP 36 MONTHS "STRAVECCHIO"
When a Parmigiano Reggiano cheese is aging for more than 30 months, all its nutritional properties are fully developed . The incredible mix of protein and vitamins makes it the ideal food for athletes and the Mediterranean diet lovers. However, it's as to the aroma and structure that Agricola Giansanti's Parmigiano Reggiano Stravecchio is unique by the way: the flavor is firm, hidden fragrances and aromas are revealing in the palate. Its color is subtle straw yellow and, thanks to the fundamental value that comes from working just our barn's dairy milk, the structure is slightly crumbly. This is what makes it unique and suitable to be eaten alone, flakes-serving, or paired with jams and marmalades, as well as grated to magnify your pasta, pizza, vegetables and meat , fresh or cooked as well.

Won Gold Medal at Alma Caseus 2016 Cheese Awards!
